Executive Director/CEO

Welcome from Maryland Aviation Administration Executive Director/CEO Paul J. Wiedefeld

The Maryland Aviation Administration (MAA) is committed to a safe, convenient, first-class transportation network that links Maryland with the rest of the country and the world. At the MAA, our core mission is to promote safe and efficient aviation operations and economic vitality for the State of Maryland.

The MAA remains focused on the operation and support of airports in Maryland to provide travelers, businesses and our communities with the highest levels of safety, service and economic benefit. Aviating activity across the State of Maryland is an important economic engine, supporting jobs, business revenue, personal income and State and local taxes. The MAA estimates that aviation activity in Maryland creates and supports more than 93,000 jobs while generating \$5.6 billion in business revenue and \$3.6 billion in personal income.

The State of Maryland is home to a diverse range of airports that provide outstanding air transportation access to the nation and the world. The MAA is working to maintain a high level of convenience and service for our customers at Baltimore/Washington International Thurgood Marshall Airport and Martin State Airport, as well as our public-use airports across Maryland.

We are committed to safe, convenient and quality air transportation for Maryland residents, businesses and visitors. Thank you for visiting the Maryland Aviation Administration. We hope you find this website informative and useful.

Paul J. Wiedefeld, A.A.E.
